

ePortfolio Program Planning Guide

Will the portfolios be used in more than one course/class and more than one school year?

What type of portfolios will you adopt - showcase, process, assessment, or hybrid?

How will templates or model portfolios be used?
Who will create them?

How will privacy be addressed?

What would a quality artifact/entry look like?

How will portfolios be assessed? Will rubrics be used for formative or summative assessment, or both?

What will support and training look like?

How will user account management and logins be handled?

Can data be exported/migrated?
